

The XIV Congress of the International Association for Engineering Geology and the Environment will be held in **Chengdu Century City New International Convention and Exhibition Center**, Chengdu, China from **September 14 to 20, 2022**. Based on the theme of **“Engineering Geology for a Habitable Earth”**, the congress is expected to enhance the disciplinary and research development of international engineering geology and the environment, and contribute to the advancement of major projects, ecological progress, and habitable earth with research and discussion in the engineering geology and global climate change, geological hazard assessment and prevention, geotechnical properties of rock and soil mass, engineering geology and the environmental issues concerning marine, transportation, urban and ecological environment protection in major projects, engineering geology and resilience engineering construction, intelligent engineering geology, and new theories, methods, and techniques in engineering geology, etc. We warmly welcome the worldwide engineering geological community to come to Chengdu to participate in this academic event.

Conference Schedule

Due to the need for regular epidemic control, the congress adopts a hybrid mode of online and offline. The congress is preliminarily arranged as follows:

September 14	September 15	September 16	September 17	September 18	September 19-20
Registration	Opening Ceremony & Keynote Speech	Sessions	Sessions	Sessions & Closing Ceremony	Field Trip

! **Note:** The schedule may be adjusted later, please refer to the follow-up notice.

General Scientific Themes

- Climate Change Mitigation and Adaption
- Engineering Geology and Sustainable Development
- Mechanism, Monitoring and Early Warning, Prevention and Assessment of Geological Disasters
- Environmental Engineering Geology and Ecosystem Protection
- Geotechnical Properties of Rock and Soil Mass
- Water reservoirs, Large Dams and associated Ground Stability
- Traffic Engineering Geology and Sichuan-Tibet Railway Construction
- Energy Engineering Geology and Deep Earth Resource Exploitation
- Urban Engineering Geology and Underground Space Utilization
- Marine Engineering Geology and Coastal Development
- Polar, Planetary Engineering Geology and Disasters
- Artificial Intelligence, Big Data and Engineering Geology
- New Theory and Technology of Engineering Geology
- Preservation of Cultural Heritage and Engineering Geology
- Education and Disciplinary Development of Engineering Geology

Call for Papers

The abstract collection system is now open for full-length papers.

- If you prefer to publish paper, you must submit abstracts and papers online. The deadline for submission of full-length paper abstracts is **extended to September 15, 2021**.
- Authors will be notified of abstract acceptance by **October 1, 2021**. Final papers must be received by ~~November 15, 2021~~ **December 15, 2021**.

Please read the guidelines for paper submittal, full paper template and abstract template prior to submitting your abstracts.

Submit your abstract via:

<https://iaeg2022.org/sub.html>

* If you prefer not to publish a paper, but instead prepare an abstract for an oral presentation or poster to be presented during the Congress, the call for abstracts for oral presentations and posters will only be open ~~November 15, 2021~~ **December 15, 2021– April 1, 2022**.

Call for Sessions

The organizing committee would like to invite **session proposals** in related topics. Creativity and innovation are positively encouraged in the development of topics. This call will generate session topics for congress participants to choose from during the paper submission, oral presentation and poster. Session organizers for included sessions are responsible for accepting or declining participants to their sessions.

The call for sessions will be end by **Aug. 31, 2021**. Please read the Guidelines for Session Proposals prior to submitting your application.

Submit your application via:
